

Lieutenant James Dawson Fisher and Mr. Poston, officers of the Sonora News Company, have this week been visitors here on their annual inspection trip. While here the gentlemen were pleasantly entertained by Local Manager and Mrs. Ferd. VanMourick. Lieutenant Fisher, who formerly resided in Nogales, will be remembered by all old-time residents. He is one of the founders of the big Sonora News Company, which has stores in many of the big Mexican cities, the main store being in the City of Mexico, where they manufacture a great deal of the goods handled in their stores. Before returning to Mexico the gentlemen will visit the Cananea store, which is also managed by Mr. VanMourick, who will accompany them.
