

Messrs. William Layer and L. F. Poston, officers of the Sonora News Company, of which Ferd VanMourick is manager for Nogales and the state of Sonora, have been here several days from Mexico, on their annual visit. At present the gentlemen are visiting the Guaymas branch, being accompanied by local Manager VanMourick. Mr. Layer with the late James Dawson Fisher, established the big news company many years ago, and is well known by all old residents of Nogales where both he and his dead friend and partner resided when the company was in its infancy. Mr. Poston is a nephew of the late Colonel Charles D. Poston, "The Father of Arizona," who many years before his death resided in Phoenix, where the writer spent many interesting, pleasant hours with the grand old writer and historian.

L F Poston visit from Sonora News Co
