

sters to board the trains and stay aboard until the trains start. This has resulted in a number of accidents recently, and the officials are determined to prevent the dangerous practice.

The Sonora News company has the exclusive right to do business on the trains, and in issuing the order the company is also protecting the concessionaires. The youngsters will be allowed to sell their wares on the station platforms.

The conductors and brakemen of all trains have been instructed to strictly enforce the order.
