

APPEAL FROM CHILPANCINGO FOR AID

Homeless and Destitute Victims
of Recent Earthquake Plead
for Assistance.

On account of the suffering entailed at Chilpancingo, Mexico, by the recent earthquake, the Americans and English in Mexico have started a popular subscription to aid in the relief of the homeless and destitute. Many families were reduced to want by the destruction, and an urgent cry has gone up for assistance.

A movement will be started today to raise a fund in El Paso.
